6 Product Line Achievements (PLAs)

OUR SERVICES & SUPPORTED AGENCIES

IT Service Management (ITSM)

Modernizing help desk and software support with streamlined ServiceNow workflows that improve service delivery, speed resolution, and reduce manual effort.

IT Operations Management (ITOM)

Strengthening IT operations with proactive monitoring, connected insights, and automation that reduce outages and improve resilience before service disruptions escalate.

Governance & Compliance

Helping organizations improve oversight, manage risk, and simplify compliance through real-time visibility and automated workflows that support audit readiness and accountability.

Enterprise and IT Asset Management (ITAM)

Improving lifecycle visibility, support compliance, reduce costs, and strengthen reporting across hardware, software, and enterprise assets from procurement through retirement.

Application Development

Building custom ServiceNow applications that solve operational challenges, extend platform value, and accelerate digital transformation with low-code solutions tailored to mission needs.

Employee Workflow Automation

Connecting HR, workplace, procurement, and supplier workflows to improve employee experiences and increase organizational efficiency through faster requests, approvals, and service delivery.

Security Operations

Enabling faster, more coordinated security response through integrated workflows that improve threat detection, remediation, and resilience across vulnerabilities, incidents, and activities.

Enterprise Architecture & Portfolio Management

Aligning architecture and portfolio decisions to strategic priorities, helping organizations reduce complexity and modernize with confidence through clearer roadmaps, investment visibility.

WHAT SETS US APART

- LEIDIT stands apart through a **people-first, values-driven** approach that invests in our team and strengthens our service.
- Through **mentoring, professional development, certification incentives, and wellness** initiatives, we deliver with integrity, innovation, and lasting impact.

"Before LEIDIT, we were buried in spreadsheets and manual work. Now, with a centralized, scalable asset system, we've streamlined our entire inventory process, and it shows in our efficiency."
Federal Government Customer

"What used to take six months, LEIDIT helped us accomplish in just six weeks. Their team brought clarity, structure, and focus, making this the smoothest upgrade we've experienced."
Federal Government Customer
